DAVINES OI/OIL AND SEA SALT SPRAY

MAKEUP

by Rocío

First, I prepped Caitlin's skin with *Glo Therapeutics Tinted Moisturizer in Medium*. Then, I applied *Glo Minerals Luxe Liquid Foundation in Brulee*. Next, I stippled in *Glo Minerals Pressed Base Powder Foundation in Honey Medium*. I contoured her face and cheekbones with *Anastasia Beverly Hills Medium to Dark Contour Kit*, followed by *Glo Minerals Sweet Blush* and *Sunlight Bronzer* for her cheeks. Next, I applied *Glo Minerals Banana Eyeshadow* to her eyelids and layered *They're Real! Benefit Mascara* on her top and bottom lashes. I filled in her brows with *Glo Minerals Taupe Brow Powder*. I finished off this natural look with *Glo Minerals Lipstick in Seashells* layered with *Glo Minerals Lip Gloss in Brown Sugar*.

HAIR

by Daisy

First, I prepped Caitlin's hair with *Davines Oi/Oil* and some sea salt spray. Then, I curled her hair with a one-inch tapered curling wand, alternating the directions and the size of the curls to give it a natural beachy look. When I finished curling her hair, I had her flip her head upside down and sprayed it with *Davines Medium Hold Hair Spray*. After she flipped her head back up, I took a wide tooth comb and combed through, pulling out the curls a little and breaking them up. A little more sea salt spray for texture and you have beach waves!
